

COVER LETTER - DATA ANALYST

Candidate: ATUL DEEPAK MORE | Target Company: TCS Analytics Mumbai

Dear Hiring Manager, I am excited to apply for the Data Analyst role at TCS Analytics Mumbai. My academic background in Data Science and practical experience with SQL, Excel, and Python align well with the core requirements of this position. In my recent project, I performed comprehensive data analysis on the Google Merchandise Store dataset, extracting actionable insights and visualizing results using Tableau and Power BI. I thrive in team environments and communicate findings clearly to stakeholders. I am enthusiastic about contributing to TCS Analytics' data-driven decision-making. Thank you for your time and consideration. Sincerely, ATUL DEEPAK MORE
